TECHNICAL BULLETIN

SUBJECT-Mounting Bolts - Models "JL" and "JM"

The mounting bolts Part No. A102/305 (threaded section $2\frac{3}{8}$") supplied with the above model receivers for mounting the receivers to the car bulk-head have been found in isolated cases to be too short.

Longer mounting bolts with a threaded section of $3\frac{7}{8}$" have been made to suit these isolated cases and are available under the Part No. of A102/305-1.
