R56	120	10	½
R57	56	10	1
R58	10K	10	½

* Models 11-124 and 11-127

\+ Models 11-125 and 11-126

Note

These components are wired in a different circuit position and have different values when Tetrad pick-up cartridge is used. See inset on 11-124 and 11-127 circuit diagram.
