Section I. INTRODUCTION

1. Scope.

This manual lists repair parts that are required for maintenance of Standing Wave Ratio Meter, Hewlett-Packard Model Y10-415E and is applicable to Army Area Calibration Laboratories (AACL's) and Army Area Calibration Teams (AACT's).

NOTE

Throughout this manual, DS is used to indicate AACT, and GS is used to indicate AACL.

2. General.

This manual is divided as follows:

- a. Section I. Introduction.
- b. Section II. Repair Parts List. A list, in alphabetical sequence, of repair parts authorized for the performance of maintenance at the AACT and AACL support levels.
- c. Section III. Federal Stock Number and Reference Number Index. A list in ascending numerical sequence, of all Federal stock numbers (FSN's) appearing in the repair parts list, followed by a list of all reference numbers in alpha-numeric sequence appearing in the list. The FSN's and reference numbers are cross-referenced to a figure number and item number in column 10.

NOTE

The figure and item number columns represent cross-reference numbers, since illustrations are not included in this manual.

3. Explanation of Columns.

Refer to section I of TM 9-4931-700-34P-1 for explanation of columns (para 3), special information (para 4, except for subparagraph 40 which is not applicable to this manual), and abbreviations (para 6).

4. How to Locate Repair Parts.

When FSN or reference number is unknown, use the repair parts listing and locate the item by description. When Federal stock number or reference number is known, use the list of FSN's or the reference numbers and locate the cross-referenced figure and item number. Locate the cross-referenced figure and item number under column 10 of the repair parts list for the complete description of the repair part.

5. Reporting of Errors.

The reporting of errors, omissions, and recommendations for improving this publication by the

individual user is encouraged. Reports should be submitted on DA Form 2028, Recommended Changes to Publications, and forwarded direct to Commander,

U. S. Attorney Missile Command, ATTN: AMSMI-MFM,
Redstone Arsenal, AL 35809.
