MODELS 121-K-W

NOTE: For information other than that shown on this sheet,
refer to the data sheet for Model 121.

MODEL 121K

This version is the same as Model 121 except for the use of the type 2974 record changer unit. Some changes in component values of the pick-up pad have been made for the crystal cartridge in the 2974 unit. They are:

C37	0.005mF 600V paper
C38	600pF mica
R25	100,000 ohms $\frac{1}{2}$ W carbon
R28	250,000 ohms $\frac{1}{2}$ W carbon

A separate service sheet covers the 2974 record changer unit.

MODEL 121W

The only variation between this version and Model 121, is the use of Garrard RC70 record changer. No other changes have been made.
