**THE "HANDY"
PUBLIC ADDRESS SYSTEM
TYPE 928**

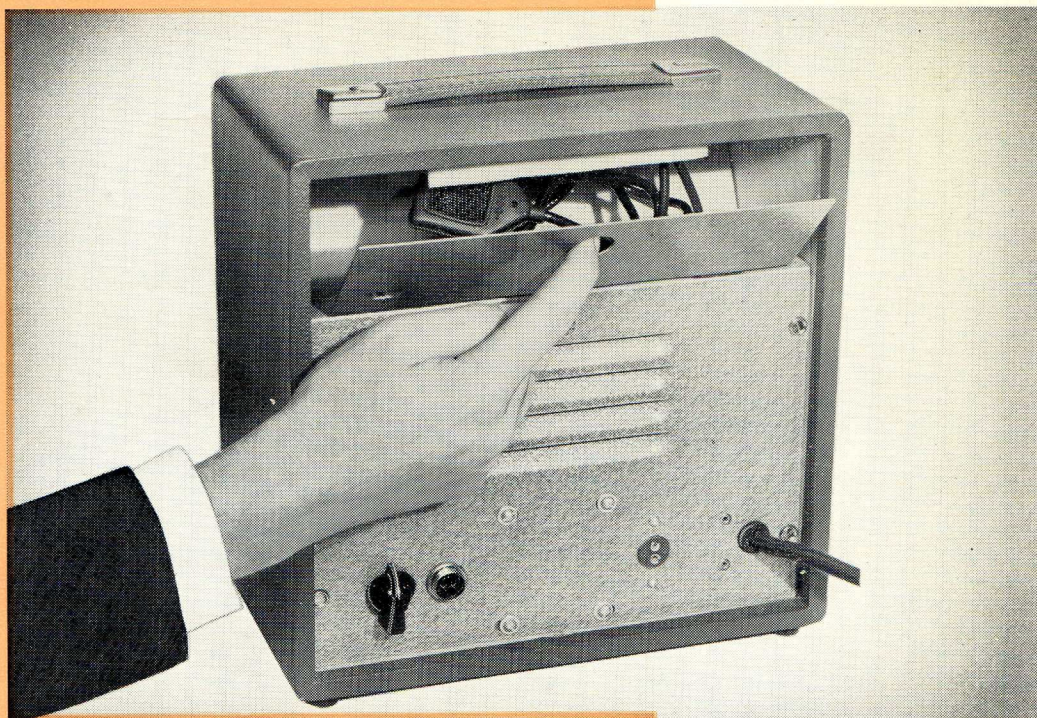

This unit is the answer for every application requiring speech reinforcement on a small scale. Some of the possible users include:

Instrumentalists	Demonstrators
Retail stores	Auctioneers
Sales training	Showmen
Square dancing	Church fetes and bazaars
Record bars	Union meetings
Sports training	Political meetings
etc.	etc.

The Philips "Handy" is a complete public address system consisting of amplifier, loudspeaker and microphone contained within one compact carrying case. Operation is off any convenient 240V A.C. outlet.

Rear view type 928

STAR FEATURES:

- ★ **An 8-inch loudspeaker coupled to a 3-valve quality amplifier covering a frequency range of 50 c/s to 15,000 c/s (within 3 dB).**
 - ☆ Negative feedback.
- ★ **Input suitable for high impedance microphone or crystal pick-up.**
 - ☆ Sensitive lapel microphone frees hands of demonstrators, etc. May also be used with standard Philips microphone (e.g., Type 1115) on table or floor stand.
- ★ **Low carrying weight of only 10½ lbs.**
 - ☆ Small dimensions: 11¼" x 10½" x 6".
- ★ **Can be put into operation in 3 minutes. (The time necessary for valves to warm up.)**
 - ☆ Provision for adding extra loudspeaker. (Philips cabinet Type 1069 with 8-inch loudspeaker is recommended for this purpose.)
- ★ **Backed by Philips guarantee against any manufacturing defects.**
