ROTOVISION  
TUNING . . .

"Shows at a Glance  
the Station You Want"

### RADIOLA 141

Modern design and beauty of finish characterise the cabinet, which is of black bean and figured walnut veneers with a high gloss hand-rubbed finish.

# ROTOVISION TUNING . . .

Simplified station selection and convenient operation  
Australian station call signs clearly marked  
Wave lengths calibrated in metres

## Featuring...

- Improved "twin tuning" Rotovisor Dial, with direct readings in metres and kilocycles, and call sign markings of Broadcasting stations. Duplicated upper and lower scale readings make for greater comfort in Station selection when operating the set in a standing or sitting position.
- Cabinet on modern lines with decorative veneers and piano finish. Robust construction with freedom from resonance.
- Cadmium plated chassis. Reliable and robust components. Finished in two tone iridescent lacquer.
- Safety removable power connector.
- Fuses and Line Voltage adjuster.
- Pick up jacks.
- Finely graded volume control.
- Continuously variable tone control.
- Local-distance switch.
- Special impregnation of components to resist humidity.
- Circuit details:—Reflex superheterodyne, utilising Radiotrons 6D6 as an R.F. stage, 6A7 as a detector oscillator, 6B7 as an I.F. amplifier detector A.V.C. and audio amplifier, and a 42 Pentode as power output valve. 80 Rectifier.  
Three tunable stages are used, giving improved performance at a lower noise level.
- Automatic Volume Control.
- New design of power unit and filter circuit.

*Radiola*  
MODEL  
**14**

This new 5-valve superheterodyne Radiola is an outstanding example of advanced broadcast receiver design, and combines beauty of appearance with moderate price.

Interstate reception is effected without interference from local stations and the quality of reproduction will satisfy the most discriminating taste.

The new "twin tuning" Rotovisor dial is calibrated in both metres and kilocycles, marked with a full range of "A" and "B" class station call signs, and introduces a new degree of comfort and efficiency in tuning.

*Price* £27/18/6
