SUPPLEMENTARY SHEET

MODEL PL2

To be read in conjunction with Model 200 Service Data

Model PL2 is made up of Model 200 with minor changes which concern cabinet and loudspeaker.

In general, refer for information to Service Data for Model 200 except for the items mentioned below.

Dial scale	CS.412.458
Switch escutcheon	CS.430.123
Case assembly - front (incl. grille, window and wordmarks)	CR.570.728
Case assembly - rear (incl. grille, handle retainers and battery springs)	Red CR.570.740
	Fawn CR.570.730
	Black CR.570.732
	Grey CR.570.734
Carrying Handle assembly	Red CR.523.438
	Fawn CR.523.437
	Black CR.523.439
	Grey CR.523.440
Carrying handle retainer assembly	CR.272.213
Tuning knob	CR.523.797
Rear cover grille	CS.430.723
L24 Loudspeaker - Rola 5F, F75 cone, 3.5Ω voice coil	CZ.161.157
C11 160 μF 10VW electrolytic	Philips C.426.AM/D160
C22 10 μF 16VW electrolytic	Philips C.426.AM/E10
C23 100 μF 16VW electrolytic	Philips C.426.AM/E100
C24 64 μF 10VW electrolytic	Philips C.425.AL/D64
C25 100 μF 16VW electrolytic	Philips C.426.AM/E100
C27 0.22 μF 25V ceramic, + 80% - 20%	Ducon CDR style D

In addition, the following components have been added into the circuit.

C28 6.8pF ceramic ± 1pF, N750 (connected across C1)	Ducon CDS style F
C29 6.8pF ceramic ± 1pF, N750 (connected across C2)	Ducon CDS style F
R34 220Ω carbon ½W, 10%, I.R.C., B.T.S. (connected between junction R1/R2/R3/C3 and base TR1)	

These last three components are also added into later production of Model 200.
